

## A DIFFERENT DRUG STORE

SOME PEOPLE have an idea that drug stores are all pretty much alike. It is not so, however. Our store differs from the ordinary one in a great many respects. You will notice a difference in the way customers are met—you'll receive prompt attention the minute you step into the store. You will notice a difference in the way goods are wrapped—your packages will be neat. Our service throughout is marked with care. Then there are other differences that are of even greater moment that you'll not think so much about at first, but you'll realize their value if you trade here awhile. The most important is the pains we take to guard our customers' interests.

We shall appreciate a chance to prove to you that there's a difference in drug stores.

### THE CHANLER BOOM.

Friends of New Yorker Pushing His Claims.

Washington, Sept. 18.—The friends of Lewis Stuyvesant Chanler, lieutenant governor of New York, announce that they will launch formally his name for the Democratic nomination for the presidency at an early meeting of the Democratic state committee of New York state. They claim that the committee will endorse his candidacy and they allege that this will mean that the New York democracy will go into the national convention pledged to support the nomination of Mr. Chanler.

It is planned to have the state committee meet soon after the session of the Republican central committee of New York state. At the meeting of the Democratic committee a resolution endorsing the candidacy of Lieut. Gov. Chanler will be proposed, and, it is claimed, it will be unanimously adopted.

Outside of New York such action of the Democrats of that state would be regarded as a declaration of intention to press the claims of the

young lieutenant governor with aggressiveness. Any candidate who goes into a national convention with the support of the Empire state behind him should be taken very seriously. The Chanler people claim they are rapidly getting an organization in the different states and have been at work on this in a very quiet way for several months. Various Southern men of prominence have spoken very favorably of Chanler, and some, including Senator Simmons of North Carolina, have endorsed his candidacy.

The fact cannot be disguised that the leaders and the workers of the Democratic party are not enthusiastic at the prospect of the nomination of a third time of Mr. Bryan, who has been defeated twice, the last time by a greater majority than the first.

Mr. Chanler's friends claim that so far as sentiment can be gauged within a month's time the majority of the leaders of the Democratic party in the South and East would welcome the nomination of Mr. Chanler. They urge there is nothing in his record to embarrass his supporters and there is much to make him strong with the masses of the people. Although a man of very great wealth, he has always evinced a lively interest in the promotion of the welfare of every class and his energies and time and money have been spent in the service of the poor. His special branch of the law is that pertaining to crimes, and his practice is chiefly among the very poor, who are unable to employ counsel to represent them.

Every class of Democrat in New York city and state supported Mr. Chanler when he ran for the office of lieutenant governor on the ticket headed by William Randolph Hearst last year. Mr. Chanler polled 718,442 votes, which was 25,000 more than ever was cast for a Democratic gubernatorial candidate in New York in an off year. He polled 27,537 more votes than were cast for Mr. Hearst.

### Fatal Cutting Affray.

Durant, I. T., Sept. 18.—As a result of a fight yesterday at Blue, I. T., ten miles east of Durant, Wade Nicholas is dead and John Anderson is so seriously cut that it is thought he cannot live. The affray occurred back of a store building. Both men walked to the Nicholas home, some blocks away, where Nicholas died this morning. No arrests have been made and it is asserted that no one knows who committed the deed.

### The Best Doctor.

Rev. J. C. Horton, Sulphur Springs, Tex., writes, July 19th, 1907: "I have used in my family Ballard's Snow Liniment and Horsehead Syrup, and they have proven certainly satisfactory. The liniment is the best we have. The cough syrup has been our doctor for the last eight years. Sold by F. J. Ramsey."

## A MYSTERIOUS PACKAGE

OKLAHOMA GOVERNOR RECEIVES INFERNAL MACHINE THROUGH THE MAIL.

### Ardmore Special.

Guthrie, Okla., Sept. 18.—An infernal machine, elaborately wrapped in cotton and packed in a pasteboard box, was received at the governor's office yesterday morning, put to soak over night and opened at Island park this afternoon by Deputy United States Marshal Chris Madison and Lieut. W. F. Herringshaw. It was found to consist of two brass cart-ridge ends, connected with a piece of rubber tube, about two inches long. The tube was packed in some soft, whitish substance, running through which was a thin piece of wire fastened at each end.

The package, which was addressed to "Governor Frank Frantz, in care of Jo Norris, Guthrie, Ok." was received by Mrs. Otto Beckmeyer, stenographer to the governor, in the early morning mail. Mrs. Beckmeyer's suspicions were aroused by the peculiar appearance of the bundle, and she called the attention of the executive. He was inclined to regard the matter as a joke but hesitated to cut the strings.

When Dr. Hugh Smith, his private secretary, returned from Muskogee, late in the afternoon, he "tackled" the box and boring a tiny hole in the bottom, saw the cotton. His analysis was hastily ended. Instead of making further examination he put the package in a bucket of water. Twelve hours later he turned the box over to the authorities and they took great precautions before opening it.

"We consider the thing a huge joke," said the governor to the Ardmore representative. "We don't think anybody would have designs on our lives."

### HAIR TURNED WHITE.

Indian Territory Man Grieved Over Daughter's Disappearance.

Oklahoma City, Sept. 18.—With his daughter as he believes an inhabitant of the demimonde, C. Crossman of Earlsboro, I. T., discovered at the central police station this morning that his hair had turned gray within the last fortnight.

"My daughter's hair was about the color of mine," he said piteously, to Detective Shirley Dyer in giving a description of the missing girl.

The name of the young lady whom the heart broken father gave as that of his daughter is Flora Crossman. She has been at Shawnee for some time where she worked and left that city one week ago, presumably coming here. She is thought to have changed her name which makes it doubly hard to find her.

"Your hair is white almost and your daughter is only 19," said Detective Dyer.

The old man gazed at him dumb-founded, but the thought of finding his lost daughter was uppermost in his mind and he ran his hand through the hair where it was thickest and said: "Well, you can get an idea of what it is like."

The detective staff of the city has been pained on the track with all the evidence in the possession of the father and an attempt will be made to find her.

### Pope Is Receiver.

Hartford, Sept. 18.—A hearing on the confirmation of Capt. Albert L. Pope as temporary receiver of the Pope Manufacturing company in Connecticut was assigned for this morning before Judge Case, of the superior court. The appraisers, John R. Hills, and Frederick C. Billings, filed their inventory of the lands, buildings, plant, machinery, equipment, tools and patterns, showing a gross value of \$1,081,000.

In making the inventory, under advice of counsel, no accounting of the book accounts, bills receivable stock on hand or in process of manufacture, material, etc., was made.

No opposition was made to Mr. Pope's continuance as temporary and ancillary receiver, the attorneys desiring that the situation remain as at present, and the court continued Mr. Pope in office.

### Successor to Tucker.

Kansas City, Sept. 18.—H. H. Tucker, Jr., no longer manages the affairs of the Uncle Sam Oil company. At a meeting here today of the directors, James Ingersoll was selected president to handle the company's business as far as possible outside the jurisdiction of the receiver, Tucker, who formerly held the office of manager and secretary, was today re-elected secretary.

Miss Gray has moved her stock of millinery in with The Ditzler Dry Goods Co. 165

## WANT VOTES OF NEGROES

ADMINISTRATION SEEKING AID FOR TAFT AND BURTON.

### NEGRO APPOINTED MAJOR

First Time in History of the United States Army That This Title Has Been Conferred Upon Black Man.

Washington, Sept. 18.—The stress which the administration places upon the negro vote in Ohio in the fight to land the republican presidential nomination for Secretary Taft and to win the black vote in Cleveland for Representative Burton in his contest for the mayoralty against Tom Johnson, the democrat, has just been illustrated by an unprecedented and somewhat sensational stroke of executive policy.

For the first time in the history of the United States army the title of Major has been conferred upon a negro. The beneficiary of this unprecedented promotion is Rev. W. T. Anderson of Cleveland, for ten years a captain in the Tenth cavalry, colored.

It became known today that the appointment was made at the request of George Meyers of Cleveland, for years a lieutenant of Mark Hanna, and whose special assignment was looking after the "cullud" brother from the south in national convention and Ralph Tyler, the Columbus negro, recently appointed auditor of the navy.

As stated, the appointment of Anderson as a major was to accomplish a two-fold purpose, that is, to ingratiate the candidacy of Representative Burton for mayor of Cleveland and to avert the threatened stampede of negro delegates from the republican national convention.

The mayoralty election in Cleveland will, in a measure, be a test of the administration's strength in that city and to push Representative Burton through is a task to which the administration is devoting energy and thought. There is a large negro vote in Cleveland, and upon George Meyers, who wanted Anderson promoted, the administration counts for material aid. The negro Tyler is expected to keep a large number of negroes in line for Taft, notwithstanding the Foraker wave now enveloping negroes all over the country.

The negro Anderson has been chaplain in the Tenth cavalry for ten years, and under the law he could be retired or promoted at the expiration of that time. It was believed to be good Taft and Burton politics to promote him, and the president played politics, as usual.

### FOR HIS SISTER'S LIFE

CHICAGO BREWER GIVES TWO AND HALF QUARTS OF BLOOD THROUGH ARTERY.

Chicago, Ill., Sept. 18.—Two and a half quarts of blood transfused from her brother's veins into her own are believed to have saved the life of Mrs. H. P. Welch, of No. 609 North State street, who is now convalescing at Mercy Hospital.

Her vital fluid was given by John B. Cooke, president of the Cooke Brewing company. Dr. John B. Murphy performed the operation. Mrs. Welch, who is 36 years old, and the mother of six children, had been in declining health since receiving a nervous shock at a fire in her home last winter. She and her brother were placed on the operating table, an artery was opened in an arm of each and the openings were connected. For two hours and a half they remained side by side and the blood was transfused by heart action from the brother's body into that of Mrs. Welch.

### Lawton Laborers Strike.

Lawton, Okla., Sept. 18.—Laborers and mechanics representing the various trades struck on the new Lowinger brick building and refused to continue the construction of the same. They alleged that non-union men were employed in erecting the fixtures for the new bank of Lawton which are to occupy a portion of the building when completed. The bank will open for business in a few days.

The man who is his own worst enemy is acquainted with a lot of bartenders.

### Cannot Eject Indian Squatters.

Guthrie, Okla., Sept. 18.—Chief Justice John H. Burford says federal troops have no authority to eject squatters from Indian allotments, where the Indian owners have been made full-fledged citizens of the United States, but all such matters must be taken into the courts. Only recently Secretary James R. Garfield of the interior department made an application to the war department for soldiers from Fort Reno to be placed at the disposal of the Indian school superintendent at Darlington, headquarters for the Cheyenne and Arapahoe tribes. The detail was desired in order to assist in the removal of trespassers on certain individual allotments to Indians under the charge of that official.

Judge Burford says that a similar request was made of the war department about six years ago, when Major Woodson was the Indian agent for the Cheyennes and Arapahoes, but the war department authorities notified the interior department that such matters must be passed upon by the courts, and that the federal troops can not be used to do police duty when the Indian allottees have become citizens.

### Young Man Accidentally Killed.

Guthrie, Okla., Sept. 18.—Robert Balthrope, a young son of W. P. Balthrope, accidentally killed himself on the Simpson ranch in Greer county while out hunting young rabbits to feed to his pet wolf. In crawling through a barbed wire fence the gun was discharged, shooting the boy through the head.

### JAPANESE PROFESSOR ELOPES.

Elopes with an American Lady at New Haven.

New Haven, Conn., Sept. 18.—Prof. Kan-ichi Asakawa, of the department of Japanese Civilization of Yale, has become Americanized, sure enough has run away with Miss Miriam C. Dingwall, of New Haven, and they were married last Thursday in Washington, D. C., where the event was recorded at the Japanese legation. This proceeding was to legalize the marriage in Japan, for Prof. Asakawa evidently wished to stand as much married there as in America.

Miss Dingwall's brother, Murdock A. Dingwall, a wholesale grocer here, and one of the leading business men of the city, was about as astonished as man can be when he re-
